

Dearest Yaron,

From the first time we met you and you drove all the way to Netanya to meet with us at our home and devoted several hours (with no regards to time or ever checking your watch) hearing and discussing our case , I was struck by your brilliance, caliber, and most of all your empathy. We felt that you really related and cared about our situation and sincerely felt for us. We instantly knew that you were the One and that we could trust you implicitly (i.e. without question)!

The decision was actually made at Hello due to your special presence and kind nature!

We feel fortunate to have been given the privileged to have you as our Advocate and will always cherish your contributions to our well-being and our future.

We shall always be indebted to you!

May You and your Family always have great health, prosperity, success and Blessings B' Ezrat HaShem!

B' Brachah,

Craig and Hagit Goodman
